SUMMARY

Software Developer with 1.5 year of experience specializing in full-stack development, REST APIs, GraphQL, and TypeScript. Expertise in building scalable web applications and optimizing database performance. Passionate about leveraging cutting-edge technologies to solve complex problems and deliver exceptional user experiences.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, SQL, C++, Python, Java, HTML/CSS

Frameworks & Libraries: React, Node.js, GraphQL, REST APIs

Databases: MySQL, PostgreSQL, MongoDB, SQL Server

Tools & Technologies: Git, Docker, AWS, Salesforce, Klaviyo, CI/CD, Agile/Scrum

Core Competencies: Full-Stack Development, API Design, Database Optimization, AI Integration, Problem Solving

PROFESSIONAL EXPERIENCE

Software Developer

November 2024 – Present

AbsoluteLabs

Hyderabad, Telangana, India

- Architected and developed scalable full-stack web applications using TypeScript, React, and Node.js, improving application performance by 35% through code optimization and efficient state management
- Designed and implemented RESTful and GraphQL APIs serving 10,000+ daily requests, reducing average response time by 35% through query optimization and caching strategies
- Built responsive NewStore extension app with React and TypeScript, ensuring smooth functionality as per client's preference
- Collaborated with cross-functional teams using Agile methodologies to deliver features on time, participating in daily standups, sprint planning, and code reviews
- Optimized SQL database queries and schema design, reducing query execution time by 50% and improving overall system throughput

Software Engineer Trainee

February 2024 – July 2024

Kovair Software

Kolkata, West Bengal, India

- Gained hands-on experience in front-end development using JavaScript and CSS.
- Collaborated with senior engineers to refactor legacy codebases, improving code maintainability and reducing technical debt
- Participated in requirements gathering sessions with stakeholders to translate business needs into technical specifications

EDUCATION

CV Raman College of Engineering (CVRCE)

Bhubaneswar, India

Bachelor of Technology in Information Technology

2020 – 2024

- Relevant Coursework: Data Structures, Algorithms, Database Management Systems, Web Technologies, Software Engineering

CERTIFICATIONS

Salesforce Certified AI Specialist | Salesforce Developer Certification | Klaviyo Product Certificate | SQL for Beginners | The Complete SQL Course

PROJECTS

E-Commerce Platform | *TypeScript, React, Node.js, PostgreSQL, GraphQL*

- Built a full-stack e-commerce platform with real-time inventory management, payment gateway integration, and user authentication
- Implemented GraphQL API with optimized resolvers, reducing data over-fetching by 60% compared to REST alternatives
- Designed normalized PostgreSQL database schema supporting complex product relationships and transaction processing
